# Profile

Started with a vision of catering to the urgent requirements of our clients for most genuine and effective range **Pharmaceutical Injections**, we, H & I Critical Care, inceptioned in the year, **2009** and have established a strong market position in India. We carry out intense various market surveys before procuring our range. This ensures that we offer only a qualitative range to our clients that offer most satisfying experience to the patients. Our range of Injections is highly recommended by medical practitioners.

Our team has been one of the prime factors in our success in this industry. The experience and expertise they bring in has inspired us to spread our wings across the different parts of the country. Further, we also possess a sophisticated warehousing unit that facilitates us cater to the urgent requirements of our clients in a timely manner. Our association with reputed C&F agents is also one of the vital factors in assuring a timely delivery to our clients. Thus, we have created a benchmark with our ability to offer a qualitative range in a timely and efficient manner.

Our Chandigarh, Punjab, India based organization has come up a long way since our inception. Under the inspiring guidance of our mentor **Mr. Jagjit Singh (Director)** today through the dint of the merit of our product quality, innovation and customer care services we have created a benchmark in the industry.
